

Human Fc receptor panel (unconjugated)

Product code: HUFCRP-U

The following pages contain Safety Data Sheets (SDS) for all products within the unconjugated human Fc receptor panel. This consists of the following nine items:

- Human FcγRI / CD64, product code HUGR1-U
- Human FcγRIIa / CD32a (167H), product code HUGR2AH-U
- Human FcγRIIa / CD32a (167R), product code HUGR2AR-U
- Human FcγRIIb / CD32b, product code HUGR2B-U
- Human FcγRIIIa / CD16a (176F), product code HUGR3AF-U
- Human FcγRIIIa / CD16a (176V), product code HUGR3AV-U
- Human FcγRIIIb / CD16b (NA1), product code HUGR3B1-U
- Human FcγRIIIb / CD16b (NA2), product code HUGR3B2-U
- Human FcRn heterodimer, product code HUFCRN-U

For research use only. Not for use in diagnostic or therapeutic procedures.

Gamma Proteins Ltd, Portland House, Belmont Business Park, Durham, DH1 1TW, United Kingdom

Products supplied by Gamma Proteins are not to be used in humans. In the absence of any express written agreement to the contrary, products sold by Gamma Proteins Limited are for research use only (RUO).

1 – Product and company information

Product name: Human Fc gamma RI / CD64 protein
Product code: HUGR1-U
Company: Gamma Proteins Ltd
Address: Portland House, Belmont Business Park, Durham DH1 1TW, United Kingdom

2 - Composition and information on ingredients

This product does not contain substances which at their given concentration are considered to be hazardous to health.

3 – Hazard identification

Although this product is not hazardous, we recommend handling all chemicals with caution.

4 – First aid measures

Eyes: Flush eyes with water for at least 15 minutes, occasionally lifting upper and lower eyelids. Seek medical attention as required.
Ingestion: Seek medical advice.

5 – Fire fighting measures

No special measures required.

6 – Accidental release measures

Use personal protective equipment as described in section 8. Dilute spilled substance with plenty of water and absorb.

7 – Handling and storage

Handling: Wear protective gloves to prevent skin exposure and safety glasses to prevent eye exposure.
Storage: Keep in properly labelled containers and under the conditions recommended on the product datasheet.

8 – Exposure controls

Skin: Wear protective gloves to prevent skin exposure.
Eyes: Wear protective glasses to prevent eye exposure.
Clothes: Wear protective clothing to prevent skin exposure.

9 – Physical and chemical properties

Form: Lyophilized powder
Melting point: Data not available
Boiling point: Data not available
Flash point: Data not available
Ignition temperature: Data not available
Lower explosion temperature: Data not available
Upper explosion temperature: Data not available
Water solubility: Data not available

10 – Stability and reactivity

Stability: Stable
Prohibited content: Data not available
Hazardous reaction: Data not available
Avoid contact conditions: Data not available

11 – Toxicological information

No information available.

12 – Ecological information

No information available.

13 – Disposal considerations

Dispose according to local regulations in your location.

14 - Transport information

No information available.

15 – Regulatory information

No information available.

16 – Other information

The above information is believed to be correct but does not purport to be all inclusive and should only be used as a guide. Gamma Proteins Limited shall not be held liable for any damage resulting from handling or contact with the above product.

Products supplied by Gamma Proteins are not to be used in humans. In the absence of any express written agreement to the contrary, products sold by Gamma Proteins Limited are for research use only (RUO).
